

IPP Solutions: The Sewer Camera Repair Experts You Can Trust

At **IPP Solutions**, we don't just distribute top-tier pipe rehabilitation systems—we also **repair and restore** the tools that keep your operations running smoothly. Our [sewer camera repair shop](#) is a hidden gem in the industry, known for its **exceptional service, fast turnaround**, and ability to fix **all major brands** of inspection equipment.

Whether you're working with **RIDGID, CustomEyes, InVision and many other brands**, our **highly experienced technicians** have the skills and knowledge to bring your equipment back to life. With years of hands-on expertise, they diagnose issues quickly and perform precise repairs that meet or exceed manufacturer standards.

Here's what sets our repair shop apart:

- **Multi-brand expertise:** We service all leading sewer camera brands.
- **Fast turnaround:** We know downtime costs money—our team works efficiently to get your gear back in action.
- **Genuine parts:** We use high-quality components to ensure durability and performance.
- **Transparent service:** Clear communication, honest assessments, and no surprise fees.

Our technicians aren't just repair experts—they're **problem solvers**. From complex electronic issues to mechanical wear and tear, they've seen it all and fixed it all. Their deep understanding of sewer inspection technology means your equipment is in the best hands.

IPP Solutions is proud to support contractors, municipalities, and utility providers across the USA and Canada. Our repair shop is just one way we help keep your operations efficient, safe, and productive.
