PROTEUS LITE

Pipeline Video Inspection System

**ULTRA PORTABLE
ALL-IN-ONE
SYSTEM**

Innovative all-in-one system.

Designed and developed in-house, Proteus Lite is the ideal starter kit for a one-man operation, integration into a small inspection van, or a low-cost option for larger companies to use for off-road, remote locations.

With 820ft of reinforced cable, Proteus Lite provides all the resources required to undertake efficient, easy-to-perform inspections, and with ProPIPE+ and WinCan Embedded software as standard, you can deliver accurate, detailed reports, instantly on site.

The compact, space-saving design of the reel incorporates easy-to-use features including a friction brake, a sturdy fold-away winding handle, a manually operated cable layering arm and footage roller, which is easily removed for cleaning.

Feature rich, the Proteus control units have integral joystick/s for camera control and an ergonomic soft-touch keypad. User friendly multi-function hot keys control an intuitive on-screen display, to enable quick and accurate navigation of the numerous features which all come as standard on the brain of the Proteus system.

Embedded software makes creating sharable surveys and reports easy. Once surveys are completed, users can instantly share PDF reports, images and videos via email, or upload them to the web for secure, immediate, team-wide access online.

Features

Quick Release Lift

Heavy Duty Rear Connector

Lowering Handle

Easy Fit Control Unit

CAM026

A Minicam best seller, the forerunner to CAM026L it has a continuous 360° rotation and +/-135° Pan, plus twin clusters of three high powered ultra-bright LED lights and a hard wearing, scratch resistant sapphire glass to protect the camera lens.
